

Linking to FORMED Registration from your parish web site or emails

We are excited to offer a significant update to FORMED. This update includes modifications to the FORMED look and feel as well as additional functionality.

If you've been using FORMED, you may have already communicated to your parishioners how they can register using a parish code.

With this update, we have a new method for sharing FORMED with parishioners. Please note that this should replace the previous method for parishioner signup.

SIMPLE LINK

Using the following link, you will be able to send parish users to the FORMED website, with their parish code pre-populated. From there, parishioners will just need to complete a simple registration process for immediate access to FORMED.

<https://formed.org/home?code=PARISHCODE>

Simply replace PARISHCODE in the string above with your six digit parish code. Note the parish code is case sensitive.

IMAGES

Additionally, you can use the following images for this link on your parish website. Note: they are sized to 1000 pixels wide. Please feel free to resize according to your needs. *We ask that you please do not distort them by changing one dimension without changing the other.*

Linking to FORMED Registration from your parish web site or emails

SOURCE CODE FOR IMAGES

Here is the code that links to the images. As before, you will need to replace "PARISHCODE" with your case-sensitive parish code. Also, be sure to replace the width with your desired width. The width in the code below is 300 pixels.

General FORMED image

```
<a href="https://formed.org/home?code=PARISHCODE"></a>
```

Beloved image one

```
<a href="https://formed.org/home?code=PARISHCODE"></a>
```

Beloved image two

```
<a href="https://formed.org/home?code=PARISHCODE"></a>
```

Symbolon image

```
<a href="https://formed.org/home?code=PARISHCODE"></a>
```

Lectio image one

```
<a href="https://formed.org/home?code=PARISHCODE"></a>
```

Lectio image 2

```
<a href="https://formed.org/home?code=PARISHCODE"></a>
```
